

# CITY HAS NORMAL SUPPLY OF WATER

WORK OF REPAIRING DAMAGE AT  
PUMPING PLANT PROGRESSING  
—THREE PUMPS WORKING

With the pit at the pumping plant, the water is pumped to the lift pumps working, two additional pumps are now in operation giving the city a normal supply of water. The low lift pump in the pit raises the water to the sedimentation basin and this gives access to the two pumps in the lift station. The two pumps in the lift station together with the big turbine give the city a normal supply of water, regardless of the fact that the big Inalls pump is out of commission and will necessarily be out of commission for some days. The amount of water equal to the capacity of the big Inalls pump is now being raised and forced into the city mains. And the water supply of the city of Edmonton is not "cut off immediately" as a portion of the press of the city is still being supplied.

The embarrassing situation yesterday was brought about by

SCHEME TO DEFRAUD WEALTHY PARISIAN WOMAN  
OUT OF LARGE SUM IS BROUGHT TO ATTENTION OF  
POLICE—ONE CONSPIRATOR CAPTURED.

the capital at the end of three years. The lady paid all she could, and nearly ruined herself. She was about to realize the last remnant of her fortune when she confided her trouble to some friends. They advised her to communicate with the police, which she at last did.

Meanwhile the conspirators had plenty of time to plan their flight. Mr. M. headed a band of a special detective department, but he could tell that they would soon capture them from the resort in Switzerland and Paris. A fortnight ago they knew that the man was of a formidable character to capture, and even precaution was taken. The night came, however, when a burglar, who had already undergone several sentences. He was known by twenty names. He had been in prison for years and yet escaped. He was given a jewelry shop in full daylight and escaped, after firing on the crowd of passers-by.

On Friday and Sunday, and lost heavily in bets on horse. He had some \$20,000.

The police traced him to a restaurant near the boulevards, and three detectives

They were promptly handcuffed here. Seeing that it was hopeless to struggle, he allowed himself to be taken to the station. He was later taken to the police station.

A woman who was with him was arrested, but was released immediately.

11. MOTORMAN COULD NOT

At the inquest yesterday afternoon into the death of Dena Innocenta Kilkenny, the two-year-old daughter of Mr. and Mrs. H. Kilkenny of 1922 Namany avenue, who was run over and killed by a street car on Saturday, evidence was given by Motorcar Alfred Carlson to the effect that the fender could not be lowered behind him. He believed the trip had acted automatically in the first place, lowering the fender, but that the child's feet had passed under the fender and forced it up again. The jury will make an inspection of the cars and their fenders before coming to a verdict.

ALD. GOWAN MAY  
RESIGN THIS FALL

[illegible]

The main building of the new prison is being constructed on the radial plan, with the cell, hospital and other wings radiating from a central corridor. The cell walls are made of concrete to prevent control of the prisoners. By this means, eight guards, armed with machine-guns and rifles, patrolling the "sun walks" of the rotunda and cell wings, will be able to see all the prisoners. The prisoners, who are prisoners, that are expected to occupy the new prison when it is finished. All the necessary utilities for the maintenance of life will be under one roof when the building is completed. There will be a library, a gymnasium, a kitchen, a refrigerating plant, amusement hall (used mainly for devotional purposes), and even the cells will be fitted with individual lighting.

There will be a total of 2,182 cells, in the five cell wings radiating from the new building. There are now 600 prisoners in the old building. At the present time the new prison is complete except for the kitchen. There are enough prisoners waiting to be housed in the new building to fill all of the 2,182 cells, and they will be sent to Fort Leavenworth.

The Fort Leavenworth manifestos are anxious to get the building business, but the information is questionable that one the time that is going into the new building a saving of 80 per cent will be made. The cost of the building is estimated at the cost of brick it is costing the government 80 per cent, less to make it than it would cost to purchase a building of the same size. The saving in labor, gives an idea of how the government is able to erect low cost new groups of buildings on an industrial basis.

The new government has an intention of whatever of come into the open market competition with outside labor.

# DOUBLE ELECTION

## MONDAY, AUGUST 14

**CITIZENS WILL SELECT ONE ALDERMAN AND VOTE ON GAS FRANCHISE BYLAW**

A double election will be held on August 11th. On the 11th the ratepayers will be asked to give their edicts upon the question of raising a rate upon the gas works on the same day a citizen will be chosen to occupy the seat of J. H. McKinley, resigned. It was all so ordered at the meeting of the city fathers last evening who convened in a room at the Hotel Hamilton for a quorum strong. At 8 o'clock the business of the evening was in progress at 9 o'clock the meeting adjourned. There will be four poll places the same as at the last bylaw election.

There was some discussion at the meeting of the council about holding the bye election polls open until 6 or 7 o'clock in order to give the working man a better opportunity to cast his ballot. In view of the fact that the gas franchise election hours were from 9 o'clock until 5 o'clock, it was decided that it would not look just right to close the gas franchise ballot box at 5 o'clock and keep the alternate election voting open until 6 or 7 o'clock, so it was ordered that the hours for the bye election be also from 9 to 5 o'clock.

REPRESENTATIVES OF LARGEST AGENCIES IN STATES  
AND GREAT BRITAIN IN ATTENDANCE—CONVENTION  
OPENS TODAY WITH WELCOME ADDRESSES.

Boston, Jan. 1.—The largest advertising organization of the United States in Great Britain will be in session here today, according to the convention, which opens here today and continues in session for four days. Many of the prominent delegates are already here, including William C. Cullen, president of the Londoners. Some two scores of the latter, among them the foremost advertising men of London, have arrived and are being entertained by Major P. F. O'Keefe, chairman of the reception committee, and other members of the Londoners. The delegates are registered at the pier when they landed in New York and brought them direct to Boston as they arrived.

In interviews today, members of the Association expect to obtain a great many valuable suggestions for the improvement of business advertising in the United Kingdom. The American advertising men will benefit of their trades experiences.

Among the speakers are representatives of the following leading advertising organizations of Great Britain: The London and National Advertisers' Association, the Association of Advertising Managers, the Society of Advertising Consultants, the London Newspaper Proprietors' Association, the British Newspaper Owners, the Northern Newspaper Owners, the Irish Newspaper Society, the British Association of Various Advertising Clubs in London.

Of advertising agencies in Great Britain, the following are expected to be the head office of the Sheffield Daily Telegraph, one of the most important newspapers in the north of England. I. Burt, representing the Associated Newspapers Limited, the organization of newspaper proprietors, will be in the interest of Lord Northcliffe, and J. Powell Ross, chairman and managing director of the J. Powell Ross & Co. Ltd., will represent the commercial agents. In his capacity as honorary secretary of the Sphinx Club, Mr. Ross will be the chief organizer of the London delegation.

The convention will be opened tomorrow morning by the reading of a congratulatory official address and responses by the officers of the great advertising men's

**London Delegation.**—The London delegation at the substantial London members are: H. Kennington, advertising manager for the north of England of the London Press; J. W. G. Spoor, advertising manager for the south of England of the London Press; Charles Gaddy, brothers, cocoa and chocolate manufacturers, 10, Abchurch Lane, London; and J. W. G. Spoor, advertising manager of the Advertising World, one of the most progressive advertising trade journals in London; W. G. Spoor, director, The Metropolitan Magazine, one of the largest firms of billposters; A. J. Kennington, advertising manager of their work of discussing their many phases of advertising, from their local problems of the advertising trade to the billboards and painting. It is declared probably that, at the conclusion of the final scheduled day of the conference, the delegates will be urged to stay in session throughout Saturday, as it is said by some of them, that the contemplated amount of business covered will require more than four days.

champs-élysées, and threatened to strangle him. A third accomplice appeared on the scene to rescue, as it were, the

**Accounts Settled.**—  
Accounts were then to be settled. The bogus garage chameleon, who no had a seeming witness to back him was going to draw up the police report which would be a tremendous scandal. The pseudo-American banker, having quieted down, offered to let the other man have the money. "Not a farthing less than \$110,000." The pseudo banker suddenly found himself unable to secure any of his money. Would the lady pay it. He would refund the loan. The lady tried to escape. "Dilemma, but on further reflection I decide to pay the money. But do I have 'duty'?" she yielded. She was to pay instalments of two or three room sums. It meant all her fortune, and she objected. That does not matter, replied the bargain-driving garage man. I would invest it in a good mine. The

operating over the Wabash, Wheeling and Lake Erie, Montreal Pacific, from Hamilton, Colton Bell, Texas and Pacific and International & Great Northern railroads.

## Conservatives of City Are Formulating Plans

THOROUGH CANVAS OF CITY TO BE MADE IN NEAR FUTURE—ANNEXATION BOGEY TO BE ONE OF FUTURE—ANNEXATION BOGEY ONE OF POINTS HARPED UPON.

A thorough-going canvass of the city, for the purpose of determining the strength of the Conservative forces and securing the endorsement on the voters' list of all opponents of reciprocity, will be undertaken by the Edmonton Conservative association during the present week. At a meeting of Conservative workers in the club room in the Gracie Nook last evening organization for the forthcoming canvass was discussed, volunteers for the political canvass were enlisted, and the formation of an executive committee of "Young men who are in agreement with the fiscal policy of the Conservative party and opposed to the reciprocity treaty," determined upon. This evening a meeting will be held in the club room for the purpose of organizing the new association.

The date of the Conservative convention will remain unchanged. August 17, the date previously determined upon, was considered a favorable time for the convention, as the city will then be filled with country people in attendance at the annual fair. That the annexation bogey is regarded as an excellent election asset would appear from the tone of the speeches delivered last night. It is true that Major Griesbach was the only speaker to harp upon Sir Wilfrid Laurier's assertion of Canada's right to absolute participation in Britain's wars, but other speakers made it clear that anti-reciprocity and annexation are to be treated as synonymous terms by Conservative speakers in the electoral contest.

**Opposed to Reciprocity**  
W. H. Gleze, president of the local association, placed himself on record as opposed to any policy the object of which was to "give away Canada to a foreign country." The question at issue was not merely reciprocity, but whether Canada should or should not remain a part of the British empire. It was impossible to waive the old flag too much.

H. L. Landry, who followed with a short speech, confessed that the Conservative candidate would have the support not only of all who are opposed to the principles of the Liberal party, the principles embodied in the reciprocity pact, but also of all who are opposed to the principles of Frank Oliver.

**The Thistle Rink Affair**  
He made references to the manner in which the minister of the interior has become discredited, by his conduct of the mass meeting in the Thistle rink, and again, according to an Ottawa dispatch, by his assault upon Fielding.

## Holding Primary in Mississippi Today

CAMPAIGN HAS BEEN THE BITTEREST EVER WAGED IN STATE—POSSIBLE SECOND PRIMARY MAY BE NECESSARY TO SELECT U. S. SENATOR.

(Union Press Service)  
Jackson, Miss., August 1.—A Democratic primary election is being held throughout Mississippi today for the purpose of nominating a United States senator, members of the legislature and state officials. The three-cornered senatorial fight, in which Senator Levey Percy, ex-Governor James K. Vardaman and C. H. Alexander are the rival contestants, is the all-absorbing feature of the election.

The senatorial campaign closed last night in a whirlwind finish. The fight has been one of the most partisan in the history of the commonwealth, and has attracted wide attention because of the prominence of the candidates and the many later personalities exchanged on the stump and in the press. In the contest the entire state has been up and down, and no one has been spared. Mr. Vardaman, whose acts and utterances while serving as chief executive frequently attracted the attention of the entire country. Throughout the campaign Senator Percy and Mr. Alexander have made Vardaman the sole object of their attacks. In their speeches delivered throughout the state they have not hesitated to charge Mr. Vardaman with the appropriation of public funds while governor and have declared him guilty of other acts of personal dishonesty.

While Mr. Vardaman has many political enemies he undoubtedly has a large personal following and no one ventures to predict that he will be "snowed under" at the polls today. Most unbiased onlookers incline to the belief that the result will be so close as to necessitate a second primary and that Vardaman certainly will be in it, with either Percy or Alexander eliminated. The total vote today is expected to run between 100,000 and 115,000. Ex-Governor Vardaman's managers declare that he will be an easy winner, defeating both opponents by a decisive majority. Mr. Vardaman himself asserts that he will get 90,000 votes.

Maryland has a spirited three-corner fight on for the Democratic nomination for governor, the contestants being Gov. Crothers, State Senator Arthur P. Gorman and State Senator Blair Lee.

## TO PROTECT HYDRANTS

Runaway teams in the city of Edmonton see no harm in knocking over a water hydrant at the onset of their flight. And to break this habit Superintendent MacLean of the water department wishes the city commissioners to proceed to collect damages so that runaway teams in the future will be more careful in choosing some object for attack.

## KENNETH C. PICKEL

The death of Kenneth C. Pickel occurred at his home on Twenty-fifth street city Sunday. For some time the deceased had been suffering from a hereditary ailment in an advanced stage and had been travelling in British Columbia for his health. Mr. Pickel has been a resident of Edmonton for over eight years having come here in 1902 from Sherbrook, Ont., and later started a jewelry business. In 1909 Mr. Pickel was taken ill and quit his business finding it impossible to travel for his health. The deceased leaves a wife and two children. The funeral takes place this afternoon to the Edmonton cemetery.

## NEWS OF THE CITY

H. A. Drury, chief engineer for the Dominion railway commission was in Edmonton yesterday.

The death occurred yesterday of A. P. Emery of London, Ont., father of E. G. Emery of this city.

Mrs. J. H. Hetherington and Miss Hetherington left the city yesterday on a holiday tour to Chicago, Boston and other cities of the Eastern States.

The water heater in the basement of the Mercantile hospital exploded yesterday morning and will be out of business for some days.

A. M. Tombschek, of 1137 Twelfth street has a number of very fine pictures on view in the board of trade offices.

Preparation for the Labor Day celebration, to be held under the auspices of the Trades and Labor council at the exhibition grounds, are well under way.

No appeals against the special assessment have been entered, and the council of appeal, sitting yesterday afternoon, confirmed the assessment in every case.

For the purpose of attending the funeral of a school teacher, which is being held in Calgary, T. McQuarrie and H. T. Noble left for the southern city yesterday.

The city commissioners have received word from the Ottawa Car Company that two of the cars under construction at their shops for the Edmonton radial railway are nearly completed.

The official opening of the new Local "Star of the West" lodge (I.O.O.F.M.) will take place on Wednesday evening August 2 at 8 o'clock in Kilnair house, Syndicate avenue, entrance to Clark street.

On Thursday evening last, Mr. and Mrs. J. H. Finkler, Third avenue south, South received a presentation from the employees of Walter's mill. Mr. and Mrs. Finkler are leaving S'cona to take up residence at the Pacific coast.

A meeting of the Northwest Association of Stationary Engineers will be held on every second and fourth Friday in each month, beginning August 11. The association was recently organized at the rooms, 821 First street.

Bank clearances for July amounted in Edmonton to \$8,958,437.01, a decrease of nearly three-fourths of a million dollars as compared with June. Credit conditions in real estate and the usual conditions in the city are responsible for the falling off.

Every three-fifths machine and the entire fire-fighting force of the city turned out last evening to a blaze at the competing school. The fire was extinguished in about 10 minutes and alarmed citizens again breathed freely. The fire was caused by a lamp.

Every three-fifths machine and the entire fire-fighting force of the city turned out last evening to a blaze at the competing school. The fire was extinguished in about 10 minutes and alarmed citizens again breathed freely. The fire was caused by a lamp.

Earl Lorenzo Gassels, aged 15 died Sunday at Wolfe Creek from the effects of an attack of heart failure. The boy was employed in his father's camp on the C.N.R. With his father he came time ago. The funeral was held from the undertaking parlors of Gennelly and McKinley this morning at 11 o'clock.

"Scotty" Piles, for many years an employee of the Hudson Bay Company in Edmonton, for the past few months an employee of the Prince Al, left the show, but has returned to Edmonton to live.

Edmund Wright, architect, who has been in the hospital since July 13, died at his home in Edmonton. Mr. Wright's car was involved in an automobile accident sustained while riding in Alberta. Mr. Wright's car was involved in an automobile accident sustained while riding in Alberta.

## ROCKING MATTERS BEFORE THE BOARD

CITY COMMISSIONERS VISIT PUMP-ING PLANT AND DISPOSE OF ROUTINE QUESTIONS

Mayor and city commissioners have been exceedingly busy this morning. A trip to the pumping plant delayed the session for the regular morning business session but when the board did get together they made up for lost time. Upon recommendation of city engineer contract for underground conduits for telephone cables on various lines was awarded to W. J. Graham, the bid being \$2,872.30.

A petition from Robert Taylor asking that the streets on either side of the new Taylor block be paved, received favorable consideration. The work was recommended.

The petition of the W. H. Clark Company asking for a telephone line, their plant was granted. There was some question about this plant because it will be necessary to run some extra line to reach the premises. The commissioners held the position of accommodating present manufacturing enterprises just as readily as inducing prospective ones.

The request of the chief of police to repair the sidewalk on the Rice street side of the city hall was recommended. Upon the recommendation of the city engineer the commissioners this morning awarded the contract for supplying three sewer pumps and equipment for the Great Estate to the Canadian Fairbanks Company, the figure being \$729.

The official opening of the new Local "Star of the West" lodge (I.O.O.F.M.) will take place on Wednesday evening August 2 at 8 o'clock in Kilnair house, Syndicate avenue, entrance to Clark street.

On Thursday evening last, Mr. and Mrs. J. H. Finkler, Third avenue south, South received a presentation from the employees of Walter's mill. Mr. and Mrs. Finkler are leaving S'cona to take up residence at the Pacific coast.

A meeting of the Northwest Association of Stationary Engineers will be held on every second and fourth Friday in each month, beginning August 11. The association was recently organized at the rooms, 821 First street.

Bank clearances for July amounted in Edmonton to \$8,958,437.01, a decrease of nearly three-fourths of a million dollars as compared with June. Credit conditions in real estate and the usual conditions in the city are responsible for the falling off.

Every three-fifths machine and the entire fire-fighting force of the city turned out last evening to a blaze at the competing school. The fire was extinguished in about 10 minutes and alarmed citizens again breathed freely. The fire was caused by a lamp.

## SHOOTING AT THE CAN COSTS \$17.50

YOUNG ENGLISHMAN TRIES OUT RIFLE WHILE ON VISIT TO OCCUPY BOOK COLLEGE

Strathcona, Aug. 1.—Two young men who were tramping in to Edmonton along the Glover bar road Sunday afternoon got the scare of their lives when they stepped on the city limits and Anderson's brick yard. They say that a man came out of a shack about 150 yards distant and with a 22-caliber pulled the trigger in their direction. They thought little of this but a second bullet flying close impelled sudden action into their heads and they fled for cover.

Two more bullets whistled past their heads as they fled and they hastened to the Strathcona police with the news of the assault.

Yesterday Arthur Oliver, a quiet and cool looking young Englishman and one of the men who were shot, told the police that he had been in the city for some time and was looking for a job. He said that he had been in the city for some time and was looking for a job.

He said that he had been in the city for some time and was looking for a job. He said that he had been in the city for some time and was looking for a job.

## ALDERMEN SCORE SECTION OF PRESS

FOR PUBLISHING MISLEADING ARTICLE REGARDING WATER SUPPLY SITUATION—MIGHT DAMAGE CITY

Because of the misleading statements of a part of the evening press of the city yesterday, in attempting to publish a news item concerning the water supply situation, the aldermen of the city yesterday afternoon, in a meeting held at the city hall, scored the section of the press which had published the article. The aldermen believed that the article was a misstatement of the facts and that it might damage the city's reputation.

The aldermen believed that the article was a misstatement of the facts and that it might damage the city's reputation. The aldermen believed that the article was a misstatement of the facts and that it might damage the city's reputation.

## MANY ADDITIONS TO BUFFALO HERD

SUPPLY REPORT SHOWS THERE ARE 150 CALVES AT WAINWRIGHT—NUMBER OF FAVORS

There are now 150 buffalo calves in the big park at Wainwright, according to the monthly report of the superintendent of the reserve, recently received by Howard Douglas, Commissioner of Dominion government parks. Mr. Douglas believes that before the summer is over the number will be increased to 200, as the buffalo cows will come into calve until October or November. Superintendent Ellis reported that during the past month a number of calves were born during the month, although it was not expected that there would be any increase among the calves this year as they were mostly born in the month of last year. A number of calves have been seen in the park in the past when area was originally fenced in by the government and have been increasing rapidly since that time. The contractors are now at work putting up hay for the buffalo.
